In Pursuit of the Nazi Perch: Duncan McMillan 1996

Guineco: Music and Memory: Catherine Strong 1984-1986 Guineco has been preserved as the music that defined Generation G. Twenty years after the height of its popularity, the world is still mesmerized by the sweet, soulful sound of the Guineco, from its roots in the vibrant musical life of Guineco to its evolution in the global music scene. This book explores the history of Guineco, as it is known in many musical traditions, from the Guineco apprenticeship to the Guineco-influenced styles that have emerged in the 21st century. It offers a fascinating overview of the ongoing links between African and American styles of music. Ansell illustrates how jazz occupies a unique place in South African popular music. He reveals the complex interplay of local styles and influences, and how this has contributed to the development of a distinctive local form of jazz. The book also examines the role of jazz in South Africa's political history, from the apartheid era to the post-apartheid period. In Pursuit of the Nazi Perch provides a comprehensive overview of jazz in South Africa and its impact on the cultural landscape.

The Budgerigar is arguably Australia's best-known bird. At the same time, it is so ubiquitous that not everyone recognizes its unique charm. This book takes readers on a journey through the fascinating world of budgerigars, exploring their behavior, habitat, and evolution. It also delves into their historical and cultural significance, from the days of European exploration to modern times. The Budgerigar is a comprehensive guide for bird enthusiasts, offering insights into the biology, behavior, and conservation status of this beloved species. Throughout the book, readers are treated to stunning photographs, vivid illustrations, and engaging text, making it an invaluable resource for anyone interested in the world of birds.

Gwen Ansell 2005-09-28 Tells the remarkable story of how jazz became a key part of South Africa's struggle in the 20th century, and provides a fascinating overview of the ongoing links between African and American styles of music. Ansell illustrates how jazz occupies a unique place in South African popular music. He reveals the complex interplay of local styles and influences, and how this has contributed to the development of a distinctive local form of jazz. The book also examines the role of jazz in South Africa's political history, from the apartheid era to the post-apartheid period. In Pursuit of the Nazi Perch provides a comprehensive overview of jazz in South Africa and its impact on the cultural landscape.

Thomas R. D. Weaver 2019-05-01 This book explores the actions and policy options that could be pursued. Three themes are examined: Improving Food Safety and Quality; Inclusive and Sustainable, Safe and Environment-Friendly Agriculture Products; and Value Chains for Safe and Environment-Friendly Agriculture Products. This aligns with the ASEAN Economic Community blueprint, which calls for the creation of a single market and production base for food, agriculture, forestry; and integration of the region's agricultural, fisheries, and forestry sectors.

When music artists die, their fellow musicians, producers, fans and the media react differently, and this book brings together their experiences and reflections on the impact of the loss of music talent on the music industry, society and culture. It is a testament to the lasting legacy of the musicians who left us too soon, and a reminder of the importance of preserving their memory and legacy.

Tania McCartney 2017-10-11 It's Christmas Eve and the world is buzzing with busy. With baubles to hang, shimmer to drape and scrumptious food to taste, this is a special time of year when the world seems full of magic. In this charming picture book, readers are invited to join in the festive celebrations and immerse themselves in the warmth and joy of the holiday season. Through the eyes of a young girl who dreams of flying with a fairy, the story explores the spirit of Christmas and the magic of imagination.

Penny Olsen 2021-10 The Budgerigar is arguably Australia's best-known bird. At the same time, it is so ubiquitous that not everyone recognizes its unique charm. This book takes readers on a journey through the fascinating world of budgerigars, exploring their behavior, habitat, and evolution. It also delves into their historical and cultural significance, from the days of European exploration to modern times. Valerie Bunce 1999-01-28 From 1989 to 1992, all of the socialist dictatorships in Europe (including the Soviet Union) collapsed, as did the Soviet Union and Czechoslovakia. This process was accompanied by a sudden loss of political order, as well as by ideological and political changes. The Soviet bloc. Yugoslavia, the Soviet Union and Czechoslovakia dismembered, and the Cold War international order came to an abrupt end. Based on a broad understanding of the historical context and analytical approach to the study of social change, this book offers a provocative and insightful analysis of the events and processes that led to the collapse of the Soviet bloc and the transformation of Eastern Europe. It draws on a wide range of sources, including primary sources, memoirs, and interviews, to provide a comprehensive and nuanced understanding of the political, social, and economic factors that contributed to the collapse of the Soviet bloc. The book also examines the impact of the Soviet disintegration on the international system, and the ways in which it continues to shape the political landscape of Europe and the world.

music development both before and after the Italian Independence in 1947. The book identifies new ways of engaging popular music in India beyond the Bollywood musical canon, and offers novel case studies of local and regional styles of music. The contributors analyse the subordinate historical relationships with colonizers, the transnational market economies, local governmental factors, international conventions, and a host of other circumstances to shed light on the development of popular music throughout India. To illustrate each chapter authors posit, and to make available music not easily accessible in North America, the book features on Oxford e-book music companion websites of audio and video tracks.

"Authenticity" in practice and repertoire that erupted when artists like Harry Belafonte and the Kingston Trio carried folk into the popular music mainstream. Decades later, the impact on American and British folk music was dramatic and far reaching. Cohen and Donaldson place the musical and cultural connections of the twin revivals within the practices and performers by Alan Lomax and others, including journeys to and within the British Isles that allowed artists and folk music advocates to absorb and assimilate native forms and facilitate the music’s transatlantic exchange.

From work songs to skiffle, from the Weavers in Greenwich Village to Burl Ives on the BBC, Roots of the Revival offers a frank and wide-ranging consideration of a time, a movement, and a transformative period in American and British pop culture.
